The Logo

The Signature logo is built from four inseparable components — the pen-nib mark, the script wordmark, the tagline, and the baseline rule. Together they represent craft, precision, and the timeless power of the written word.

**A****Pen Nib Mark**

The tilted nib is the brand icon. Its bold silhouette signals expertise and craftsmanship

B**Ink Hole**

Small circle cut into the nib — a signature detail that adds authenticity

C**Cap & Grip**

Rectangular barrel with knob represents the full pen instrument

D**Wordmark**

'Signature' set in an italic serif — combines authority with artistry

E**Tagline**

'write your signature story' — brand promise in a lighter complementary weight

F**Baseline Rule**

Dot + horizontal rule grounds the mark, referencing a line of writing.

Clear Spacing

The exclusion zone around the logo must always be kept free of all other graphic elements, text, borders, and imagery. The minimum clear space equals the cap-height (X) of the wordmark on all four sides.

Minimun Size

Full lockup	160px	40mm	Always preferred
Compact Logo	80px	22mm	Tight layouts only
Favicon / Icon	32px	N/A	Nib mark only

on Ink black

on Ivory/ White

on Dark green

DOS	DON'TS
. Use only the approved logo files provided . Maintain the minimum clear space on all sides . Place the logo on approved background colors . Scale the logo proportionally from a corner handle. . Use the white version on Forest Green or dark backgrounds. . Use the nib-only mark as a favicon or app icon.	. Recreate, redraw, or retype the logo manually . Place the logo on busy photographs without an overlay . Stretch, compress, or skew the logo in any direction . Use the dark logo on dark backgrounds (low contrast) . Apply gradients, drop shadows, or outer glows to the logo . Use screenshots or low-resolution rasters for print.

Icon Principles

All icons used across Signature touchpoints follow a unified thin-line style that complements the elegance of the pen-nib logo mark. Icons should feel lightweight, precise, and purposeful.

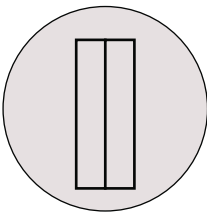

Gride	24 × 24 px base; 20 × 20 px live area; 2 px padding each side
Stock weight	1.5 px at 24 px; scale proportionally. Rounded line caps and joins
Corner Radius	2 px on all rectangular forms; avoid sharp corners
Fill Style	Outline / stroke only. Filled icons are reserved for active/selected states.
Color	Forest Green (#1B2B1E) on light BG; White (FFFFFF) on dark BG; Pen Gold for highlights
sizing	16 px dense UI · 24 px standard · 32 px feature callout · 48 px hero
Export	SVG master file; 1× and 2× PNG fallbacks; optimise with SVG before delivery
